PRESS RELEASE NO. 03/2011

Zoner Software, Brno, Czech Republic

Zoner Software Launches New Zoner Photo Studio FREE Based on Version 13

(Brno, Czech Republic, June 28th, 2011)—Innovative graphics software company Zoner Software has announced the release of a **new version** of its standalone Zoner Photo Studio FREE, now based on **Zoner Photo Studio 13**.

This very popular free and easy-to-use one-stop photo toolkit for managing, editing and sharing photos now benefits from many features new to Zoner Photo Studio 13. As always, the free edition offers a no-cost, no-hassle way to download, manage, edit, and share photos, including easy work with large batches and quick photo enhancers such as the Quick Fix window. Features new to this release include an improved Catalog, easy bullets and arrows with Insert Symbol, and a postcard maker. It also has improvements under the hood, like better utilisation of multi-core processors.

Regarding the new release, Ales Hasala, Director of Development noted, *"We've been looking forward to providing users of the free edition with the benefits of version 13 ever since we released it. We are very pleased that this day has come. Personally, I anticipate catching eyes with the postcard maker."*

Users around the globe can enjoy the new release of **Zoner Photo Studio 13 FREE** just like the previous one: it is available in English, German, French, Italian, Russian, and traditional and simplified Chinese.

Zoner Photo Studio FREE is for personal, non-commercial use on single computers running Windows XP, Vista, or Windows 7. Download it at free.zoner.com

Zoner Software's flagship Zoner Photo Studio 13 PRO is easy to download and compare to the free edition. Visit www.zoner.com to find a free 30-day trial.

About Zoner Photo Studio

Zoner Photo Studio is comprehensive software for work with digital photographs. It accompanies users throughout the whole cycle of photo processing, including acquiring, editing, and touch ups, creating effects, organizing, archiving, publishing and sharing their work. Zoner Photo Studio was the first comprehensive digital photo processing software to include support for GPS and for creating 3D pictures.
