**Zoner Software Announces Corporate Restructuring**

**(Brno, Czech Republic, April 2, 2009) – Zoner Software**, a leader in digital photography and graphics software solutions with its Zoner Photo Studio products, today announced that it has completed a corporate restructuring of the several core Zoner Software businesses. A newly created joint-stock company, Zoner Software is one of the largest web hosting and e-commerce providers in the Czech Republic, and is an accredited European domain registrar. The company's other non-software activities include its Czechia webhosting service, Zoner inShop e-commerce platform, the Czechia Certificate Authority for security certificates, the Interval.cz web design magazine, and Zoner Press.

This re-structuring is a natural step for us as we continue to grow our business. With the change, Zoner Software is now poised to continue our strong growth in our core businesses," said Milan Behro, Chairman of the Board.
