

PRESS RELEASE NO. 07/2009

Zoner Software, Nove sady 18/583, 602 00 Brno, Czech Republic

Zoner Software Appoints New Benelux Distributor

(Brno, Czech Republic, September 15th, 2009) — Zoner Software, a leader in digital photography and graphics software solutions, announced today the launch of a new distributor—CD & E Distribution (Europe)—which will introduce Zoner Photo Studio on the Belgium, Netherlands, and Luxemburg markets.

Managing Director Pavel Minář stated, *"We're glad to have started working with CD & E Distribution (Europe). We are certain that we've found a partner who's an experienced software distributor, one that really knows the market. The Netherlands, Belgium, and Luxemburg are three countries brimming with beautiful places to take pictures, and now they'll also be three countries with a great product for making pictures beautiful."*

Zoner Software is expanding step by step throughout the whole of Europe, Asia, and America. The company has branches in the Czech Republic, Slovakia, Poland, Hungary, the U.S.A., and Japan, and Zoner Photo Studio 11 is available in many other countries as well, via local distributors in Germany, Italy, Russian Federation, Singapore, Hong Kong, Taiwan, China... and now the Netherlands, Belgium, and Luxemburg.

"Zoner Photo Studio 11 by Zoner Software is a product packed with excellent features one normally finds in several apps combined, a product presently not available on the BeNeLux market. The price/quality is outstanding; this will be a solid basis for a close cooperation between our companies," said Wietze W.Troost, Managing Director of CD & E Distribution (Europe).

About Zoner Software

www.zoner.com

Zoner Software is the developer of industry-leading digital photo and graphics software solutions for personal and professional use. Zoner Software products are available around the world and are used by thousands of users in several languages. Zoner Software products have been localized in 12 languages.

Zoner Photo Studio is comprehensive software for work with digital photographs. It includes all the tools users need for photo processing, including editing, creating effects, organizing, archiving, publishing and sharing their work. Zoner Photo Studio was the first comprehensive digital photo processing software to include support for GPS and for creating 3-dimensional pictures.
